

Marketing & Design Extends Office Hours

In early August the Marketing and Design department moved to the first floor of the Union and suite 1506. After being in a temporary space for over a year this move provides a permanent home for the department. Beginning in fall 2012, Marketing & Design offered extended operational hours. The office is now open Monday through Thursday from 9:00am until 7:00pm and Friday from 9:00am until 5:00pm. The longer hours provide more resources for officially recognized student organizations. Be sure and visit Marketing & Design in their new space and see what creative services they can offer your organization.
