

DIY Electronic Accessories

DIY Electronic Accessories
Thursday, September 22, 7:00–8:30pm

REGISTER NOW! bit.ly/register4lab

Register now for The Lab's upcoming DIY Electronic Accessories workshop on Thursday, September 22 from 7-8:30pm! Get hands-on with our friends from BeAM and explore how design and science converge through the making of bracelets with basic conductive tools. We'll discuss how new technologies have influenced design and why hands-on making remains a vital tool in creativity and the design process.
