## ActiviTV

Our ActiviTV digital signage screens are located throughout Carolina Union, and give you an opportunity to place your message at one of UNC's most prominent locations, visible to the thousands of students and members of the community who pass through our building. There are seven high-definition screens located on the first and second floors of the Union where an advertisement for your event can loop continuously 24 hours a day, seven days a week. We sell advertising space in one-week blocks -- visit our [requests page](#) to book your ad or announcement!

Need messaging help? We can also help you design and craft the perfect message for our screens. It's a great way to give your organization and/or event major exposure.
