

Union to Host On-Campus Employment Fair

Fine tune your resumes and sharpen those interview skills because the Carolina Union is hosting the 2nd Annual On-Campus Student Employment Fair. The Job Fair will feature more than 25 on-campus employers, all ready to hire Carolina students.

Join us Wednesday, February 13th, from 10am to 6pm in Carolina Union's Great Hall. On-campus employers will include Campus Recreation, the FPG Child Development Institute, the Office of Diversity and Inclusion, academic entities such as the School of Medicine and Kenan-Flager Business School and many more! The range of potential employers offers students a chance to develop career-relevant experience across an array of job opportunities, while earning a paycheck for their work.

Employer participation is up significantly from last year's event. "We're really excited by the incredible growth we're seeing," said Jared T. Ward with Carolina Union's office of Student Life & Leadership. "There are nearly three times the offices and departments involved, and it's only our second year. The event provides campus employers the unique opportunity to meet with potential student employees ahead of applications and interviews, and exposes students to the many employers that will help them build their careers during their time at Carolina."

A full list of participating employers is below. Follow @carolinaunion for updates as the Employment Fair approaches.
