Leadership Development Programs

ACC Leadership Symposium

With delegations from each of the 15 Atlantic Coast Conference (ACC) colleges and universities in attendance, the annual ACC Student Leadership Symposium is designed to develop a community of ACC undergraduate students who understand the relationship between global and local issues and work collaboratively to create innovative initiatives that advance students’ capacity of global leadership. Students from each participating university will be grouped with peers from their fellow ACC schools for the duration of the conference. Student leaders from current ACC colleges and universities will have the opportunity to engage in educational sessions, hear keynote addresses, explore topical content, and participate in experiential application through their group project collaboration and presentations. This symposium always takes place in late February of the spring application.

What is Carolina United?

Carolina United is a program run through the Office of Student Life and Leadership that provides a safe and accepting environment for UNC students to explore diversity and multiculturalism within and between themselves. This environment is intended to foster collaborative dialogue that unites participants across their differences. Carolina United hopes to serve as a catalyst for greater recognition and celebration of this unity on UNC’s campus and in humanity.

In a normal year, Carolina United would have been a two-night, three-day retreat. This year we switched up the format to stretch over the course of the semester and split up the amount of time on Zoom.
